ANTHONY LOWRIE
Chief Deputy

SHERRY SPRAYBERRY
Adm. Assistant

Please add to the Commissioner's Court agenda for 12/09/2025 a request for Jailer Bobbi Songer to be paid for 38.75 hours of accrued vacation at her hourly rate of \$24.48, totaling \$948.60. The payout can be taken from the jail's unpaid salaries budget line and will prevent her from losing these hours on 12/13/2025. Due to ongoing staffing issues, she is unable to take the time off, even with an extension.

Thanks

A. Lowrie

Therefore, CLIENT shall be entitled to equitable relief, including an injunction, in the event of such breach or threatened breach by CONTRACTOR as outlined in this Agreement. Such equitable relief shall be in addition to CLIENT's rights and remedies otherwise available at law.

Confidentiality Clause. Except as otherwise essential to the CONTRACTOR's obligations in accordance with this Agreement, the CONTRACTOR shall not make any disclosure or divulge any aspect of this Agreement, including the terms and conditions hereof, or any of the Proprietary Information contemplated herein, except as considered essential to the CONTRACTOR's obligations in accordance to his/her relationship with the CLIENT. The CLIENT reserves the right to inspect, stop and/or alter the work of the CONTRACTOR at any time to assure its conformity with this Agreement and the CLIENT's needs. At any time, the CLIENT may, without cause, direct the CONTRACTOR, by way of providing 10 Days days prior written notice, to suspend, delay or interrupt work or services pursuant to this Agreement, in whole or in part, for such periods of time as the CLIENT in its sole discretion may see fit or necessary. Any such suspension shall be effected by the delivery of a written notice to the CONTRACTOR of said suspension specifying the extent to which the performance of the work or services under this Agreement is suspended, and the date upon which the suspension becomes effective. The suspension of work and/or services shall be treated as an excusable delay. Moreover, if at any time the CLIENT believes that the CONTRACTOR may not be adequately performing its obligations

under this Agreement or may be likely to fail to complete their work/services on time as required, then the CLIENT may request from the CONTRACTOR provide written assurances of performance and a written plan to correct observed deficiencies in performance. Any failure to provide such written assurances constitutes grounds to declare a default under this Agreement.

Termination. Either party may terminate this Agreement in whole or in part, whenever the they shall determine that termination is in their best interest. Termination shall be effected by providing 30 Days days written notice of termination specifying the extent to which performance of the work and/or services under this Agreement is terminated, and the date upon which such termination shall become effective. The CONTRACTOR shall then be entitled to recover any costs expended up to that point, but no other loss, damage, expense or liability may be claimed, requested or recovered except as provided in this Agreement. In no event shall the CLIENT be liable for any costs incurred by or on behalf of the CONTRACTOR after the effective date of the notice of termination. The termination pursuant to the provisions contained within this paragraph shall not be construed as a waiver of any right or remedy otherwise available to the CLIENT. In addition, if the CONTRACTOR is convicted of any crime or offense, fails or refuses to comply with the written policies or reasonable directive of CLIENT, is guilty of serious misconduct in connection with performance hereunder, or materially breaches any provisions of this Agreement, the CLIENT may terminate the engagement of the CONTRACTOR immediately and without prior written notice.

Execution. During and throughout the duration of this Agreement, and upon the request of and without any compensation other than that which is herein contained, the CONTRACTOR shall execute any documents and take action which the CLIENT may deem necessary or appropriate to ensure the implementation of all the provisions of this Agreement, including without limitation, assisting the CLIENT in obtaining and/or maintaining any patents, copyrights or similar rights to any Proprietary Information assigned and allocated to the CLIENT. The CONTRACTOR further agrees that the obligations and undertakings herein stated within this section shall continue beyond termination of this Agreement. Should the CONTRACTOR be called upon for any such assistance after termination, then the CONTRACTOR shall be entitled to fair and reasonable payment in addition to reimbursement of any expenses which may have been incurred at the request of the CLIENT. The CONTRACTOR nevertheless agrees to execute and deliver any agreements and documents prepared by the CLIENT and to do all other lawful acts required to establish, document and protect such rights.

Injunctive Relief. CONTRACTOR hereby acknowledges (i) the unique nature of the protections and provisions established and contained within this Agreement; (ii) that the CLIENT will suffer irreparable harm if CONTRACTOR were to breach any of said protections or provisions or his/her obligations under this Agreement; and (iii) that monetary damages may be inadequate to compensate the CLIENT for such a breach. Therefore, if CONTRACTOR were to breach any of the provisions of this Agreement, then CLIENT shall be entitled to injunctive relief, in addition to any other remedies at law or equity, to enforce such provisions.

Liability. CONTRACTOR warrants and acknowledges that he/she shall be liable for any loss or any other financial liability suffered by CLIENT due to CONTRACTOR's failure to

perform an assignment as contemplated by this Agreement. Other than a documented medical emergency or an "Act of Nature" beyond CONTRACTOR's control, CONTRACTOR shall be solely responsible for any loss caused by CONTRACTOR's failure to perform. In addition, CLIENT shall not be liable for any loss or damage to CONTRACTOR's equipment under the terms of this Agreement. CONTRACTOR's equipment shall be CONTRACTOR's sole and exclusive responsibility.

Indemnification. The CONTRACTOR shall defend, indemnify, hold harmless, and insure the CLIENT from any and all potential damages, expenses or liabilities which may result from or arise out of any negligence or misconduct on part of the CONTRACTOR, or from any breach or default of this Agreement which may be caused or occasioned by the acts of the CONTRACTOR. The CONTRACTOR shall also insure that all of its employees and affiliates take all actions necessary to comply with all the terms and conditions established and set forth in this Agreement.

Notices. Any and all notices, which may be required hereunder by any party to the other party, shall be executed by either personal delivery in writing, or by mail, registered or certified, postage pre-paid with a return receipt requested. However, each party may change their address, thus requiring written notice of such change of address in accordance with this section. Any hand delivered notice shall be deemed communicated as of actual receipt; mailed notices shall be deemed communicated after five (5) days of mailing. The CONTRACTOR herein agrees to keep the CLIENT informed of any change of business and/or mailing addresses, as well as telephone, facsimile, email or any other relevant means of contact and communication.

Continuing Effects. The CONTRACTOR's obligations with regards to all trade secrets and confidential information contained in this Agreement, shall continue to be in effect beyond the scope of the relationship as aforementioned, and said obligations shall continue to be binding upon not only the CONTRACTOR, but also the spouse, affiliates, assigns, heirs, executors, administrators and/or other legal representatives as well.

Texas Medicaid Fee Schedule Information CLINICAL LABORATORY

This fee schedule is intended to be used by a variety of provider types and provider specialties. Some procedure codes might not apply to every provider type and provider specialty designated to use the fee schedule. For detailed benefits and limitations, providers should refer to the current year's Texas Medicaid Provider Procedures Manual and relevant issues of the Texas Medicaid Bulletin.

Field Descriptions

Provider Type: Classification assigned during provider enrollment and used to determine payable services.

TOS: One-character type-of-service (TOS) code assigned to each procedure code for system administration.

TOS Desc: Description of the TOS.

Proc Code: The five-digit code for services and items defined in Current Procedure Terminology or the Healthcare Common Procedure Coding System.

Mod 1: 1st Modifier, if required for pricing determination.

Mod 2: 2nd Modifier, if required for pricing determination.

Client Age

From: The "from age" is the beginning of an age range, if it is required for determining pricing. Some procedure codes have more than one pricing row. If the first row has a 0-999 age range, and the second row has a 21-999 age range, then the client age range for the first row (0-999) is actually 0-20 years of age. If the first row has a 0-999 age range and the second row has a 0-20 age range, then the client age range for the first row (0-999) is actually 21-999 years of age. Refer to the Texas Medicaid Provider Procedures Manual (TMPPM) for the exact age limitations.

Thru: The "through age" is the end of an age range, if it is required for determining pricing. Some procedure codes have more than one pricing row. If the first row has a 0-999 age range, and the second row has a 21-999 age range, then the client age range for the first row (0-999) is actually 0-20 years of age. If the first row has a 0-999 age range and the second row has a 0-20 age range, then the client age range for the first row (0-999) is actually 21-999 years of age. Refer to the TMPPM for exact age limitations.

Client Age: Medicaid rates are based on the client's age in days, months or years.

Units:

Non-Facility: Non-Facility pricing is for services that are rendered in places of service other than an inpatient hospital or an outpatient hospital. Facility pricing is for services that are rendered in an inpatient hospital (place of service [POS] 3), or an outpatient hospital or ambulatory surgical center (POS 5).

Total RVUs/Base: The current relative value units (RVUs) for the procedure code, if the fee is a resource-based fee (RBF). The payable amount for RBFs is calculated by multiplying the total RVUs by the applicable conversion factor. For Anesthesia services only, this column shows the base units instead; and payment is based on the sum of the RVUs and base units plus actual face-to-face time units multiplied by the applicable conversion factor.

Conversion Factor: The Texas Medicaid conversion factor that is applicable for determining the amount payable when the rate is calculated by base units for anesthesia services or RVUs for other services.

Factor:

Medicaid Fee: The Medicaid allowed amount.

Fee Effect Date: The effective date of service for which the fee is payable.

Date:

Adjust %: A percentage reduction has been applied to the allowed fee for this service. This column shows the percent by which the fee was adjusted. Additional information about rate changes is available on the TMHP website at www.tmhp.com/pages/topics/rates.aspx.

Adjusted Fee: A percentage reduction has been applied to the allowed fee for this service. This column does not show reductions that may have been applied using other criteria that include but are not limited to place of service, client type program, or provider specialty. Additional information about rate changes is available on the TMHP website at www.tmhp.com.

Date:

Note Codes: Note code indicator. Providers should review each note code to identify specific payment explanation or limitation. See Note Codes worksheet for applicable payment explanation or limitation.

Last Pricing Review Date: Medicaid rates are reviewed every two years or as necessary. This column shows the date on which the most recent review was conducted.

Review Date:

Change Ind: Indicator denoting that the Fee Schedule row has been added/updated since the last run. 'C' for change; blank for no changes.

FAQ	Answer
1. What is the primary operational advantage of performing lab draws onsite? Sherrif Larry Dawson Sherrif Bryon Lyons	The primary advantage is the reduction of total time and manpower cost. Transporting inmates to an external lab requires significant staff hours (security escorts, wait times, transit), whereas onsite draws drastically streamline the process. he amount of time required for an inmate to complete lab work at a hospital varies based on hospital staffing and patient volume, but on average, it takes 30 minutes to 1 hour per inmate once they are in the lab. Transport Time & Manpower Requirements Planning and staff allocate: • 1–2 officers per inmate depending on classification and security level. • Total time away from the facility averages 1.5 to 3 hours per inmate, including: ◦ Preparing the inmate for transport ◦ Travel to and from the hospital ◦ Hospital check-in ◦ Waiting time ◦ The lab draw itself Officer Cost Estimate With an average salary of \$22.00 per hour, the estimated staffing cost per inmate is: • 1 officer for 1.5–3 hours: \$33–\$66 per inmate • 2 officers for 1.5–3 hours: \$66–\$132 per inmate Waiting Time at the Hospital While the actual lab collection often takes 10–15 minutes, officers typically report 30 minutes to 1 hour of waiting time before labs are drawn, depending on how busy the hospital is and how quickly staff can process the inmate.
Billing Based Upon CPT codes Same benefit with inhouse Lab draws without the man power listed above) Look at the manpower hours and saving also no transportation fee' fuel and mileage to reimburse.	Jail- Labs/Xray 2024-2025 Period Analyzed \$144,171.67 Expenditure <u>\$3,039.59 Reimbursement</u> \$ 410.47 Adjustment (Rate Medicaid Cost)
2. How does onsite drawing specifically reduce administrative costs and late fees?	Onsite drawing significantly improves billing accuracy and eliminates late fees. The facility achieves real-time confirmation of services rendered, cutting down on delayed invoices that often incur late penalties.

3. How does this system prevent erroneous billing, such as charges for released inmates?	Billing integrity is improved because the facility can confirm the inmate's incarceration status at the exact time of the blood draw. This prevents the costly and frequent issue of receiving invoices for inmates who have been released or are the responsibility of other counties.
4. What are the key security benefits associated with keeping phlebotomy services onsite?	Security is enhanced by eliminating the need for inmate transportation outside the secure perimeter. This minimizes external security risks, reduces the number of staff required for escorts, and limits the inmate's exposure to the public.
5. How is specimen integrity better maintained with onsite draws versus transportation?	Onsite draws ensure higher specimen integrity . By reducing transit time and minimizing manual handling steps, the risk of sample degradation, temperature fluctuations, or mislabeling that often occurs during extended transportation is significantly reduced.
